Imperial Manor Parkview Heights Foundation

The Imperial Manor Parkview Heights staff is in the process of establishing a subaccount with the Imperial Community Foundation. This will allow us to accept tax free donations and request grants that require 501C3 status. It also will give us the opportunity to establish an endowment fund at a later date thru the Nebraska Community Foundation.

An advisory board for the expenditure of funds collected is being formed. The intention is to have one member from the Manor, one from Parkview Heights, a staff member, one family member, and one community member. They will be responsible for making recommendations on expenditure of funds. Commitments from three persons have been obtained.

If you remember, last summer we dreamed of extending the fence to the front door and adding an awning so elders could sit out front and enjoy the fresh air and sunshine. The Emergency Rescue Squad donated \$500.00 to that project. To date that is the only donation we have. Our hope is to bring awareness to facility needs and generate further donations and possible grant monies to make this happen.

I encourage you to remember Imperial Manor Parkview Heights in your planned giving.
