

Peggy Murillo & Susan Myers Activity Department

The new year is off to a great start. Here is a look at what we've done so far.

January flew by fast. We started the *Wii game* this month, it took off like a kite. Everyone enjoys to either playing the *Wii* or watching the others that are playing. Their favorite game is Bowling. Our Potluck this month was a "Cookout In January".

February was very busy, we had a few different programs. We had music with Donna Holaway and Mike Barry, the Chase County Stompers, which do square dancing, Valentines Day Party, and Sing along W/Donna. Our Potluck theme this month was "Dog Days of Winter", we had a stuffed dog costume contest for that.

March was lots of fun. We had a St. Patrick's Day Party with music by Donna Holaway and Mike Barry and awesome refreshments such as green beer, punch, cookies, and snack mix. We also had many food celebrations, Peanut Butter Lover's Day, Shamrock Shake Day, and National Frozen Food Month. Our Potluck this month was a Mexican Fiesta, we had Chicken enchiladas, green chili, beans, rice, and a few different desserts.

Be sure to remember that your always welcome to come and see us whether its visiting your family or volunteering your talents. We look forward to seeing you.

Billie Hayes and the entire Environmental Services staff

The scoop from Environmental Services.

Winter is almost over and we are looking forward to our summer work. There's something about green lawns and sunshine that makes everything good.

We have been busy with remodel projects. The laundry rooms were just completed. We had an open house for them. If you have not seen the new area feel free to stop in and check it out. The resident room painting is still going on. We are still putting fresh coats of paint on the walls and ceiling, and updating the light fixtures.

Just a reminder if you bring in new clothes or furniture for your family it need to be marked. If you want us to do this we will be happy to, just let us know.

Our housekeeping ladies will be doing some spring cleaning. With the nice weather we will be washing the outside of the windows.

There has been question about bringing different curtains up for resident rooms. They can be brought but they have to be sprayed with a flame retardant chemical before they can be hung up. Our laundry ladies have the spray and will be happy to spray them for you. Some have also asked if they could bring different blinds up. The Federal Life Safety Codes state that all blinds must be metal. We cannot have any plastic or cloth weave blinds in the building.

As always if there are any questions or anything we can do to better serve our residents please let us know.
