**IMPERIAL MANOR
NEWS LETTER**

Kathy Andersen—Administrator

The Life Enhancement Fund has grown to \$5,000.00. The residents are looking forward to the warmer weather and a chance to get outside. Wouldn't it be wonderful to have the new fence and sidewalks in for them? All contributions large or small are appreciated. Our estimated need is \$20,000 so we are a quarter of the way there.

We plan to continue the landscaping project this spring. Some of the bushes have crept way too far and must come out. Our hope is to plant perennials such as Iris, Poppies, Daisies, Sedum, Ferns, etc to add some color. If you are dividing any plants this spring and have extras, we would love to get them. Call the facility and ask for Billie.

If you have a desire to do some part time work we do have some available. The majority of those positions are in Dietary, both cooking and dining room attendants. The schedules can be flexible and offer above minimum wage. Certified Nursing Assistants and Medication Aides are needed both full and part time with openings at the Assisted Living and Manor. Your labor here provides much more than monetary compensation. The appreciation shown by the elders can not be measured. Stop by and see what we have to offer.
