

JIM AND THE DIETARY STAFF

We have some new faces in the dietary department. Toni will be working as a dietary aid in the mornings. Hannah will be working as a dietary aid in the evenings. Maui will be working as a dietary aid in the morning and evenings on the weekends. We will also be getting hot chocolate and cappuccino machines in the Manor and Heights dining rooms. They should be installed Tuesday January 5th.

We have had a wonderful holiday season. We had traditional meals on Thanksgiving, Christmas, and the Holiday Meal. If any of your loved ones bring any suggestions for a special meal to your attention, please feel free to let me know.

Thank You,
The Dietary Staff

BILLIE HAYES AND THE ENVIRONMENTAL SERVICES DEPARTMENT

The scoop from Environmental Services,

As we start another year we continue with our projects that we ran out of time for last year. We are still painting and upgrading resident rooms. We have some non-resident rooms that need upgrading as well. Winter came too soon for us. We still have some windows for the west wing that are left to put in. When the weather gets nicer we have bushes to pull out and landscaping to improve upon.

We have several articles of clothing coming into the laundry that are not marked. We encourage you to mark these with the resident room number or bring them to the laundry and we will be happy to mark them for you. Also if you are missing an article of clothing, visit with Linda and she can check for these.

If you have any concerns or questions, please let us know. Have a Wonderful New Year!
